

"Magician Jeff Evans adds instant fun to Wedding Receptions."

Congratulations on your upcoming wedding!

Chances are good you've already chosen a venue and caterer for your special day. You may already have a DJ and photographer lined up. But you also want something unique to create a fun, "happening" atmosphere.

And, as you have probably guessed, that's Jeff Evans' job!

Jeff's Strolling Magic is a surefire way to guarantee a fun and unforgettable evening for your family and friends.

Count on personable entertainment that

- Involves your guests
- Breaks the ice as people turn to each other and talk about what they've just seen, and
- Gets laughter and gasps of amazement from your friends... guaranteed!

"I just can't imagine why magic tricks would be part of a wedding reception."

Picture this: think back to a couple of weddings that you've been to recently. After the ceremony there's that period of thirty to forty five minutes while you stand around... next to the person you came with. You don't know too many people, and you're kind of uneasy because they're taking the pictures but nothing else is happening.

This is the perfect environment for Jeff Evans' interactive magic. Jeff gets your guests laughing, socializing, and adds to the magical feeling of your wedding.

***"Isn't magic kind of hokey for a wedding?
Isn't this too serious of an event?"***

Think again! People are more and more creative at weddings, and strolling magic is the ideal fit for receptions.

Strolling magic doesn't disturb the flow of the event. It's close-up entertainment where Jeff mingles with your guests, adding spontaneous fun and amazement to the party. There is a lot of interaction, including magic that happens in the hands of spectators. Your guests will go home talking about "Jeff the magician" and the fantastic time they had at your special day.

"Jeff, you have the gift of being both personal yet professional with your guests who have hired you... Jeff received many compliments after the show and the praise continued for the next several days."

And, rave reviews from people like you!

“It was a fabulous show - we all enjoyed it from age 2 to 72.”

-Debbie McManus, Fife

-Stephanie Hicks, Bellevue

“It was entertaining, interactive, fun and truly amazing. It's hard to believe you did what we saw you do. You had the full attention of all 27 of us every second, and you can tell we loved your performance by the standing ovation.”

-Wendy Wilson, Olympia

Have you ever been to a wedding where children are running amok? Perhaps kids who get bored and open the wedding gifts?

Children naturally get antsy at weddings because it involves being quiet and staying still for a long period of time. Afterwards during the reception, adults are doing their thing, and the kids don't have much to keep them occupied.

Voila! Jeff's magic expertly grabs the attention of both kids and adults. And, he's even been hired to do a show in a separate area for kids during the ceremony for a particularly long Quaker-style wedding. The adults were able to enjoy the ceremony... and the kids had a blast!

Depending on when it's scheduled, an actual magic show can not only involve the guests, but the wedding party as well. This entertainment can be a “gift” from the bride and groom to their family and friends. (Think “rehearsal dinner.”) It can be used instead of, or in addition to, live music from a combo or dance music from a DJ.

Jeff's magic is family friendly with clean comedy. Kids and adults will have a great time!
